Fast and reliable deliveries are pivotal in today's business. TSOKANOS SA has invested in the *latest technology in picking and packing* customers' orders to ensure that deliveries reach its customers quickly, correctly and conveniently and meet the different requirements of the various local partners. Moreover, implementation of cutting edge **ERP**, **WMS** and **CRM** systems gives the company a unique competitive advantage.

The strategic emphasis on investing more in the organisation's *own products* and using them to expand the range played a significant role in the company's rapid growth. Alongside this, the constant expansion of sales markets through the establishment of *region-specific partners* also had an extremely positive effect. Our team includes veterinary doctors and product managers, who manage product development, *technical sales back-up and training programmes*.

The company is **ISO 9001:2008** certified. It is also awarded the "**Best Practices Principles and Guidelines for Distributing Medical Devices**" by the Ministry of Health. Finally, it complies with all Health and Safety regulations.
